

## YOURROLE

How do you know if you will make a good volunteer? Simple. Do you:

- Desire to help kids?
- Enjoy investing in young people?
- Have time to devote to your given tasks?

If you answered yes to those questions, you have found a good fit!

Volunteers improve instruction by permitting more individual help for students, enriching curriculum by adding experience and special interests, strengthening school and community relations, and providing more opportunities for children and adults to exchange ideas.

With your help, students gain access to a wealth of experience, knowledge, expertise, and resources; that can make a crucial difference in their achievements.

## OURROLE

Our program coordinates the use of volunteers throughout the school division, initiates new volunteer programs, and recruits and trains all concerned citizens who wish to assist teachers and children within York County Schools.

## THEJOB

- Classroom Support
- Clerical Support
- Library Support

Remember, the hours are flexible, but the dependability is vital!
