

Thank you to our York County Council PTA Supporters

These local businesses and individuals have shown their support of York County PTA by purchasing a PTA window cling to display in their business or on their vehicle. The monies create a scholarship for each high school in York County. This scholarship is awarded to a deserving student who may not have the highest GPA but is an "all-around good kid". Winners are chosen by the PTA and administration of the school. Scholarships will continue each year as supporters renew their commitment to the York County PTA.

To become a supporter, contact Laurel Garrelts at way2clean@cox.net. This is a tax-deductible donation! We encourage all York County residents to support these businesses to show appreciation for their support of our students.
