

Senior of the Month

April 2026

Student: Adrian Odundo
High School: Bruton High School
Principal: Vadella Ellis-Pope
Parent(s): Salome Munyekenye

Bruton High School is proud to recognize Adrian Odundo as our Senior of the Month! Adrian Odundo is a student whose academic interests and leadership experiences reflect a strong commitment to physics and global engagement. He actively pursues opportunities that deepen his intellectual curiosity while allowing him to support and mentor others.

One of Adrian’s most formative experiences was working with physicist Marc Sher on a freshman seminar examining the intersection of physics and philosophy, particularly in the context of time travel. Engaging in advanced theoretical discussions broadened his perspective on physics and reinforced his desire to pursue the field at a higher level. Adrian will either pursue astrophysics or quantum physics in college in the fall.

In addition, Adrian is a member of Bruton's varsity soccer team and a club team, where he applies discipline, teamwork, and perseverance—values that also define his academic and leadership pursuits. Adrian has also demonstrated leadership as an SAT tutor through the Schoolhouse website. Drawing on his strong SAT performance, he has completed over 1,000 minutes of tutoring and reached students in ten countries, placing him in the top ten percent of tutors by global reach.

Congratulations Adrian!
