

# Volunteer of the Month

*April 2026*

Volunteer: Angela Saabye  
School: Magruder Elementary School  
Principal: Lisa Ruffieux

Magruder Elementary has the pleasure of recognizing someone who has made a truly meaningful difference in our classrooms and in the lives of our students. Our school thrives because of caring adults who give their time, energy, and hearts—and this volunteer is a shining example of that generosity.

This year, we are honored to recognize Mrs. Saabye, who has volunteered more than 190 hours during this school year.

Mrs. Saabye has been a steady, positive presence for our students each day. Whether she is working with small groups, listening to young readers, preparing classroom materials, or simply offering a smile and words of encouragement, she consistently demonstrates what it means to support children as they learn and grow.

What makes Mrs. Saabye especially remarkable is the kindness and patience she brings into every interaction. Our students feel supported, valued, and confident because they know someone is always there cheering them on.

Because of her dedication, students receive increased opportunities for small-group and one-on-one reinforcement—and they are better for it. Her willingness to give her time has helped make learning more fun, meaningful, and manageable for both students and teachers.
