- Current sophomore or junior
- Enrolled in or have completed year three of a world language
- Minimum overall GPA of 2.5
- Good citizenship

FREQUENTLY ASKED QUESTIONS

Do I need to speak German?

You are not required to speak German as many German students begin learning English at an early age and have some understanding of the language. You will need to be in your third year of a world language and/or have completed three years.

Is it expensive to participate?

Airfare is provided at no cost for selected students; however, there will be some out-of-pocket costs. In addition to having spending money while abroad, you'll have related expenses to include obtaining a passport, activities during your travel and while hosting your student.

When will I go to Germany?

You will travel to Germany in late June. You will have the opportunity to stay in the home of your host family and experience the food, culture, and daily activities.

What does hosting entail?

You will welcome a student from Germany into your home for two weeks. The student will attend school with you and participate as a member of your family.

Applications are available at yorkcountyschools.org and in high school counseling offices. Complete the application with a parent and return it to the school counseling office by **November 7, 2019**.
